

COVID-19 Update 1

17 August 2021

Dear Parents/Caregivers,

By now you will likely have heard the announcement that schools are closed from 11.59pm, 17th August 2021 for 3 days, in response to the COVID virus.

As this is not a new situation for us we will utilise our learnings from previous lockdowns. We would ask you for this lockdown to spend time with each other and when possible log into any online platforms that your child might be exploring in class. This could include; Reading Eggs, Mathletics and Seesaw. Teachers have been asked to connect with their class once a day using Seesaw.

We also recognise that now that we are required to self-isolate, our teachers will also have their families to look after, so some flexibility will be needed for everyone. We will also provide ideas for at home learning opportunities on our school facebook page. Should you have questions or concerns, your first point of call will be with your child's teacher. Updated staff email addresses will be available on our school website. You can also contact Jade Silva should your child have specific learning needs that you wish to have some support around or should you need clarification of any sort.

We will be posting regular updates on our school facebook page and through the skool loop app.

Many thanks for your ongoing support, and take care.

Bex Kilgour, Principal and the Hinuera BOT.
